

Dental office cleaning: what we clean

Go room by room with your office manager and record the order your protocol sets.

Practice _____ Address _____

Walked by _____ Date _____

Operatories

- ☐ Counters, cabinet fronts and sinks
- ☐ Chair bases, light switches and door hardware
- ☐ EPA-registered disinfectant left for the label dwell time
- ☐ Your protocol's own product, if named
- ☐ Cassettes, handpieces and set-out items left in place
- ☐ Terminal cleaning for the operatories you pick

Sterilization, lab and imaging

- ☐ Floor, sinks and backsplash
- ☐ Outer cabinet surfaces
- ☐ Autoclaves, ultrasonic units and packaging stations worked around
- ☐ Lab and imaging floors, counters and door handles
- ☐ Room order set by your protocol

Waiting room and patient restroom

- ☐ Check-in counter, card reader and pen cups
- ☐ Chair arms and entry glass
- ☐ Fabric seating vacuumed
- ☐ Toy shelf, low table and floor with a product you approve
- ☐ Patient restroom stocked with soap, paper and seat covers
- ☐ Day porter at lunch for restroom, trash and counter

Business office and staff spaces

- ☐ Trash emptied, dusting and vacuuming
- ☐ Papers, files and monitors left alone
- ☐ Records rooms only if on your access list
- ☐ Lounge counters, sink, microwave and table
- ☐ Locker area tidied, floor mopped

Floors

- ☐ Operatory sheet vinyl or tile scrubbed on a cycle
- ☐ VCT stripped and refinished when worn through
- ☐ Waiting room carpet extraction
- ☐ Floor projects set for a closed day
